Internship

Creative concepts & strategy VR | Studio WZZZT
September 2023 - November 2023

Working on new concepts for creating new narrative VR Story's & telling our experiences.

Graphic Designer | VIP response BV
August 2018 - January 2019

Learning how to design specific context for a design project.

- (E-mail templates, posters & landing pages)

Minor

Extended Reality at HKU, Utrecht, HBO
September 2022 - January 2023

The Minor XR is an exploratory interdisciplinary program at the HKU, which focuses on time-based experiences, which combine physical and virtual space, objects and bodies in real time using real-time 3D technology.

- How I can use virtual reality for improving the world and can be used for subjects that matters to our society.

Education

Art & Research at Sint Joost, Den Bosch, HBO
September 2021 -

You make art from your personal involvement with the world around you. You develop yourself into a maker with your own style, your own view of society from an autonomous (independent) point of view.

- How I can use Virtual Reality for my own practice and finding my own personal involvement with the world around me.
